At the Mid-America Trucking Show, Cat announced it will be offering the C7, C9, C13 and C15 engines in 2007. The entire lineup will be available to order beginning in the fourth quarter of 2006. "The new engine line demonstrates that Caterpillar continues to deliver on the promises made when ACERT technology was first introduced," said Greg Gauger,

Some prefixes even have reputations. For example, a C15 with a prefix of MBN is known as a Bridge motor (because it was the bridge engine from the mechanical C15 to the electronic C15 ACERT), and is often heavily criticized.
