Solution Manual for Business Forecasting 9th Edition by ...

Business Forecasting Only Goes So Far. If business forecasting was a crystal ball, then everyone would be reaping the rewards of their insightful foresight. While business forecasting is a tool to get a better view of what the future might have in store, there is the argument that it's wasting valuable time and resources on little return.

Business forecasting is really difficult using just Excel. If any of you have ever created scatter plots with Excel, you know that it's a time consuming process. EViews is an extremely fast tool and this Business Forecasting book should include procedures for using EViews because that is the preferred tool used in Biz Forecasting classes.
