2013 Harley-Davidson XL883L Sportster 883 SuperLow Review

The XL Sportster 883L features ergonomics designed specifically to fit smaller riders, and that make it easier to lift off its sidestand. A seat height of just 26 inches makes the 883L the lowest Sportster ever. A new solo seat has a lower cushion height than the seat on the XL Sportster 883, and the seat is also positioned further forward.
