An introductory programming guide is structured around a whimsical original fairy tale in a land run on the Ruby programming language. Weinstein turns his professional programming expertise and his experience as a computing educator designing curriculum for Codecademy to creating an accessible introduction to coding for kids.

RUBY WIZARDRY by Eric Weinstein | Kirkus Reviews

Ruby is a nice, simple, open-source language that almost anyone can learn. Students love it because it's easy, developers love it for Ruby on Rails, which is a framework that makes prototyping a breeze. A kid who learns Ruby today may well continue using it for decades.
