Since its emergence in the 19th century, fantasy fiction has proliferated throughout the world, from the global craze of Lord of the Rings (1954) to Harry Potter (1997). As a sub-genre of fantasy based on Chinese traditional mythology and martial arts literature, Xuanhuan novels have achieved immense popularity among both critics and readers (Gai, 2006).

Her analysis will focus on such questions as when the theme of translating China in Britain film became popular, and the impact of these films in British society. Hiu M. Chan is a Film and Cultural Studies PhD candidate at Cardiff University. Her thesis focuses on comparisons and possible translation between Chinese and Western film theory.

Translating China, Anne Witchard

Flipping. Since written Japanese fiction usually flows from right to left, manga artists draw and publish this way in Japan. When first translating various titles into Western languages, publishers reversed the artwork and layouts in a process known as "flipping", so that readers could follow the books from left-to-right.
